

# Lamantin Beach Hotel

BEACHFRONT | LUXURY | SPA

The Lamantin Beach, completely refurbished in 2011, is one of the standout hotels in Saly combining a beautiful beachfront location, exceptional standards of service and superb accommodation. You're in good hands...

You might choose to spend your day relaxing by the pool or on the hotel's wide sweep of beach where, for the more energetic, there is a number of water sports available as well as the Beach Club, with its fitness centre and floodlit tennis court. The Saly Fishing Club also offers deep sea fishing trips from the hotel's own marina. To totally unwind, you need go no further than the hotel's spa; relax in the hydrotherapy pool and the therapeutic baths or with one of the many beauty and massage treatments on offer.

The prime beachfront location is just one of the hotel's outstanding features; the accommodation itself is eye-catching and elegant, designed in an African style with two-storey bungalows set amongst colourful gardens, each with light and airy rooms complete with their own terrace. You will be spoilt for choice when it comes to dining, with sumptuous themed buffets served in the restaurant Les Palétuviers and à la carte meals at the Beach Club, in its enviable position overlooking the beach.

## OUR EXPERT OPINION...

*The service and hospitality at the Lamantin was faultless! I would highly recommend dropping in at the spa – there is a fabulous hydrotherapy pool and an array of treatments to choose from, a real treat after a busy day exploring.*
